

# CLOUD BASED ONLINE BACKUP AND INTERNET SECURITY

Our offsite remote and secure data storage automatically backs up your files at a scheduled time so your data is always protected. Plus, our McAfee® Internet Security protects you from viruses, spyware, and malware. And because its cloud based you always have the latest, most updated protection.

## FEATURES

- + Internet Security powered by McAfee
- + On-demand or scheduled data backups
- + Automatic security updates that continuously protect

## BENEFITS

- + Increased security to protect from hackers, viruses and spyware
- + Safe online financial transactions and protection from identity theft
- + Added protection for both business and customer information
- + The convenience and flexibility of accessing important business files from anywhere online

**Neil Carlton**  
Certified Public Accountant

*I can never be too safe or secure with important files. Plus, the numbers add up to a very good deal.*
