Windstream,

I wanted to take a moment to say thank you for your service. We are a Non-For Profit Organization and out of reach for high speed internet. We had been using dial up for years and was pleasantly surprised to find our fellow business neighbors with high speed.

Once we contacted Windstream it only took a few days for us to be up and running. Our other carrier has contacted up several time to come back to them. With the services and quick response to any of our needs, we are happy to have Windstream as our phone and internet provider.
