To whom it may concern:

We have been a happy Nuvox/Windstream customer for many years. Windstream provides service to our multiple phone and fax numbers, both digital and analog, and our internet service. All have been top quality and reliable.

We initially made the switch from AT&T because Windstream's rates were significantly lower. It has been a cost-effective move and we've been happy with Windstream's rates.

On the rare occasion we have had service interruptions, it has nearly always been due to weather affecting old, non-Windstream equipment outside the church. When we have called Windstream's toll-free number for service, the agents have always been professional and helpful.

We highly recommend Windstream!

A handwritten signature in blue ink that reads 'Dave'.
