

T1 Bundle

Windstream's T1 Bundle offers business customers the ultimate flexibility in a made-to-order bundle.

With the T1 Bundle, you can select any combination of voice, data and networking services over a single, dedicated network connection. By combining these services, your business can reduce costs without sacrificing quality.

T1 Bundle customers enjoy all of the benefits of a bundled package, with the flexibility to precisely meet the needs of their business.

To learn more about how the T1 Bundle can work for your business, contact your Windstream Representative.

Features

- Feature-rich local service
- 1,000 free domestic long distance minutes with additional minutes available
- Dedicated Internet access—with equally fast upload and download speeds
- Robust web services including web hosting, domain name registration, email with spam filtering, and anti-virus scanning
- Powerful networking services via point-to-point for voice and private line for data applications
- Dependable equipment installation
- Two toll-free numbers

Advantages

- Proven reliable technology on our state-of-the-art voice and data network.
- Truly one-stop shopping—it's all you need in a single package for a single price.
- Easy to understand pricing and invoice with no surprises from month-to-month.
- Along with voice and Internet service, you can add services such as additional voice mail, managed network security, and web and audio conferencing services.
